

People Person

When you have a charged interaction with a person, roll.

- On a 10+, you get a good read on them, hold 3.
- On a 7-9, just hold 1.

During your interaction with them spend your hold, 1 for 1, to ask their player one of the following questions:

- Is your character telling the truth?
- What is your character truly feeling?
- What does your character intend to do?
- What does your character wish I'd do?
- How could I get your character to __?
