

AESIR

The AESIR defend [Asgard](#) from all threats, internal and external. They have a full support fleet, consisting of 5 longships and many small craft. They are normally equipped with [Battle Armor](#) and plasma weaponry, but many AESIR have been gifted with [Master-Crafted](#) weapons of [Hypersteel](#) or other exotic materials.

Female AESIR are eligible for membership in [VALKYRIE](#), [Odin](#)'s personal guard. AESIR that fall in battle are often honored with destructive uploading to the [EINHERJAR](#).
