

Known Vampires

- **Lil:** The unrivaled queen of the damned within Union City. Lil is a mysterious player whose reputation credits her with far more than is possible. Her reach does extend into nearly every aspect one would expect from a being who craves power and control.

The Blood

- **Mr Saturday:** The deadly right hand of the Queen, Saturday has walked the earth since the civil war. He is a smart, patient killer with the looks of a model.
- **Sunday:** The tall, platinum blond vixen looks like a barely legal angel who promises the world with her gaze. She has been a corpse far longer than her looks would indicate.
- **Monday:** The odd man out. The one who never fits in. Monday is the nerdish fact finder and computer whiz of the vampire world. He is always seen in the company of Mr. Saturday and does as he is told without interacting with others.

It is assumed that The Queen has other agents who are also known for the days of the week but they have remained off the radar so far.
