RACIAL MOVE

A warforged of any class can take **Metal Man** instead of their racial move. If they do, they also replace **Discern Realities** with **Total Recall**.

STARTING MOVES

METAL MAN

You do not have to eat, drink, sleep, or breathe. When a move tells you to mark a ration, ignore it. You can gain the HP benefits of making camp by spending a use of a repair kit. You cannot be healed by healing potions, bandages, or poultices and herbs. You are healed normally by other methods.

FORGED FOR WAR

Some people have the impression that all warforged are the same, just robot warriors. In truth, House Cannith equipped you with several components to aid you in the Last War.

Choose one Implanted Weapon:

☐ Armblade (close, +1 damage, implanted)

☐ Armbow (near, 2 piercing, implanted, 2 ammo). When you make camp, restock 2 ammo.

☐ Iron Fist (hand, forceful, implanted)

Choose one Body Component:

☐ Armor Spikes: when you **take harm from a Hand weapon**, they take 1d4 damage.

□ Extra Plating: you gain 1 additional hold when you Defend, even on a 6-.

☐ Traction Claws: you can climb up walls and ceilings with ease.

Choose one Enhancement:

□ Night Lenses: you can see in total darkness without trouble.

☐ Crosshair Lens: when you Volley, roll +INT instead of +DEX.

 $\hfill\square$ Wand Sheath: any wand you wield gains the Implanted tag, and can be activated with a thought.

TOTAL RECALL (WIS)

When you **closely study a situation or person**, roll+**WIS**. On a 10+, as the GM 3 questions from the list below. On a 7-9, ask 1. Take +1 when acting on the answers.

- What here is the biggest threat to my mission?
- What here could turn the tides of battle?
- Where is a weakness I could exploit?
- What is about to happen?
- What happened here recently?
- Who here is the commander?

This move replaces Discern Realities for you.
